Aim

The overall aim of the EBU Scholarship Impact program is to contribute to the Sustainable Development Goals in education. EBU aims at targeting the learning deficit by enabling students to take part in full university programs in Luxembourg on campus or off campus via e-Learning. EBU seeks to create equitable access to tuition free qualitative tertiary education in countries where it does not exist.

The Impact Program is operated in an e-learning online format with live webinars. Students will have the option to travel to the campus during campus weeks each term.
